ASSETS USED SESSION	TARGETING SOURCE	MATERIAL UTILIZED	KNOWLEDGE PROVIDED TO INTERVIEWER FOR SESSION	FEEDBACK TO SOURCE FOLLOWING SESSION	DATES SESSION FORWARDED	KEY RESULTS PROVIDED BY THE SOURCE	ANALYST COMMENTS
D-86	#46	Geo. Coordinates & a request for a description of the area surrounding those coordinates.	Geo. Coordinates & a request for a description of the area surrounding those coordinates.	None.	16 Oct 80	The source described a radio intercept/radar site next to a river located in hilly country. Site possibly associated with an airfield approx.	SG1B
SG1B	[REDACTED]	Note: This is the second time this source has reported on this project.	Note: This is the first time this interviewer has worked this project.			30 mi. away. Site consists of a cement bunker with a mast extending out of it. On the pole was a metal plate containing holes mounted in a vertical plane, below that was a device that looked like a three bladed coper blade. A Mig type aircraft was described with a bulls eye marking and tail flash in green, white & red (center to outer edge).	
		However, it is the first time for this facility. Prior report was Session D-73.
